VSM flying session at Bosanski Petrovac/ BiH

A **common VSM flying** will be offered on same morning **at sunrise** around **6"00**, if the weather conditions allow it. Everybody must take care of his timekeeper. More infos will be given in the evening of Aug, 23rd at Motel 9.

Silent remembrance - "In our eyes it is still flying ..."

Exactly at the time in round 6 (11:00 - 11:45am), in which Victor started and not finished his last flight, will be remembered him at the place, where he fell down with the line in his hand, in a modest and appropriate manner. A black stone monument (see picture www.aeroklub-izet-kurtalic.ba/images3/vs_01.jpg), which is designed in memory of Victor by Mirsad Kapetanovic, will be placed at Victor's last starting pole Nr.6, which will be free at WC contest the day before.
